2858.

FROM

MAJOR E. H. S. JAMES,
FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

To

The Chief Secretary to the Government of
His Highness the Maharaja of Mysore.

Dated Bangalore, 12th August 1918

SIR,

I am directed to forward for information and favour of any further action, if necessary, a copy of a letter No. 7089, dated the 24th July 1918, with enclosures from the Government of India in the Department of Commerce and Industry regarding the control of Kerosine oil.

I have the honour to be,

Sir,

Your most obedient servant,

First Assistant Resident.

Letter No. 7039 dated the 24th July 1918, from the Secretary to the Government of India, Department of Commerce and Industry, Simla, to the Hon'ble the Resident in Mysore.

*****

With reference to the correspondence resting with my endorsement No. 4587 dated the 8th June 1918, I am directed to say the attention of the Government of India has been drawn to the fact that, although the distribution of the available supply of kerosine oil has now been properly organised in several provinces, there are still a number of provinces, in which no such system has been introduced and in which each district is left to make its own arrangements. The result of this absence of organisation is that the control scheme which is in force in one district is apt to interfere with those in force in other districts and also that a large volume of correspondence with individual district officers is thrown on to the Oil companies. Those Companies have represented to the Government of India that the organised provincial schemes have given satisfactory results wherever they have been introduced and that it is desirable that they should be extended to all provinces in India. They have undertaken to co-operate with the local authorities in giving effect to this proposal. I am to suggest for your consideration that, if this has not been already done, it might be desirable to introduce such a system in the districts under your control in consultation with the principal Oil Companies (viz. the Burma Oil Company, the Asiatic Petroleum Company, the Standard Oil Company and the Indo Burma Petroleum Company). What form the scheme should take is of course a matter for decision by the Local Government, but I am to enclose a copy of a letter No. 367-O, dated the 4th July 1918, from the Deputy Secretary to the Chief Commissioner to all Commissioners of Divisions in the Central Provinces, which explains the outlines of the scheme adopted in those Provinces which is believed to be giving the most satisfactory results.

2. Experience has shown that the system of permits can be worked in some places without having recourse to Rule 11-J of the Defence of India Rules, breach of the conditions of the permits being punished by their cancellation. But I am to invite a reference to paragraph 3 of my letter No. 3856-D., dated the 26th March 1918, and to say that, if the necessity for the application of that Rule is proved, the Governor General in Council will have no objection to making the desired declaration.

"C o p y"

For Chief Secretary to Government.
